Review should include discussion with management and the independent auditors of significant issues regarding critical accounting estimates, accounting principles, practices and judgments, including, without limitation, a review with the independent auditors of any auditor report to the Committee required under rules of the SEC (as may be modified, supplemented or superseded). Submit the Charter to the Board of Directors for approval and cause the Charter to be approved at least once every three years in accordance with the regulations of the SEC and the NYSE (as may be modified, supplemented or superseded).

All engagements for non-audit services by the independent auditors must be approved by the Committee prior to the commencement of services. The Committee may designate a member of the Committee to represent the entire Committee for purposes of approval of non-audit services, subject to review by the full Committee at the next regularly scheduled meeting. The Company's independent auditors may not be engaged to perform prohibited activities under the Sarbanes-Oxley Act of 2002 or the rules of the Public Company Accounting Oversight Board or the SEC.

6. Prior to filing or releasing annual financial statements, discuss the results of the audit with the independent auditors, including a discussion of the matters required to be communicated to audit committees in accordance with Statement on Accounting Standards ("SAS") 114 (as may be modified, supplemented or superseded). Prior to filing or releasing

quarterly unaudited financial statements, discuss the independent auditors matters required to be communicated to audit committees in accordance with SAS 100 (as may be modified, supplemented or superseded).

7. Obtain from the independent auditors assurance that Section 10A of the Securities Exchange Act of 1934, as amended (which requires the independent auditor, if it detects or becomes aware of any illegal act, to assure that the Committee is adequately informed and to provide a report if the independent auditor has reached specified conclusions with respect to such illegal acts), has not been implicated.

8. Consider the independent auditors' judgment about the quality and appropriateness of the Company's accounting principles, including acceptable alternatives and critical accounting estimates as applied in its financial reporting.

C. Internal Audit Function and Legal Compliance.

1. Review the budget and activities of the Company's internal audit function, audit plans, procedures and result, and coordination with independent auditors. Regularly review the continued overall effectiveness of the internal audit function as required under relevant law and the listing standards of the NYSE.

2. Review significant reports prepared by the internal audit department together with management's response and follow-up to these reports.

3. Review reports received by the Company with respect to complaints regarding accounting, internal accounting controls, disclosure controls and procedures, auditing matters or violations of the Company's Code of Ethics (as defined in the Company's Code of Business Conduct for Members of the Board of Directors and Executive Officers) (collectively, "Complaints").

7. Facilitate and review, as appropriate, the Company's procedures for the receipt, retention and treatment of Complaints received by the Company from (a) Company employees or (b) Company employees or others through confidential, anonymous submission(s) to a post office box (or confidential e-mail) directly to the Chair of the Audit Committee.

8. Confirm that any action requested by the Chair in respect of any alleged Complaint has been taken as requested by the Committee.

4. Maintain minutes of meetings and periodically report to the Board of Directors on significant results of the foregoing activities.

5. The Committee shall be evaluated through the annual evaluation process conducted by the Nominating/Corporate Governance Committee.

E. Limitation of Audit Committee's Role.

1. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of financial statements in accordance with GAAP. Management is also responsible for assuring compliance with laws and regulations and the Company's corporate policies, subject to the Committee's oversight in the areas covered by this Charter. The independent auditors are responsible for expressing an opinion on those financial statements.

2. Committee members are not employees of the Company or accountants or auditors by profession or experts in the fields of accounting or auditing. They rely, and are entitled to rely, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with GAAP and on the representations of the independent auditors included in their report on the Company's financial statements.

3. The Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with GAAP and applicable laws and regulations. Furthermore, the Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP or that the audit of the Company's financial statements has been carried out in accordance with GAAP.
